Premium Label Solutions

Healthcare

Stringent quality requirements for excellent quality labels.

Today's consumers have an ever-growing eye toward health and wellness. Ensuring your label aligns to both consumer needs and regulatory requirements is crucial. From industry regulations to security concerns, nutraceutical labels can be complex to navigate. Our team of technical experts leverage the most current industry standards to ensure your supplements, vitamins and pharmaceutical packaging checks all the boxes.

Security

MCC has a variety of overt and covert solutions to meet your objectives:

- Security cuts for tamper evidence
- Optical Brightener
- Integrated RFID and RF EAS labels
- Micro-text
- Variable data
- Security inks and foils

Extended Content Labels

Our extended text labels offer the space you need for regulatory requirements, multiple languages, consumer education, and health and safety warnings. With more room, you can tell a compelling brand story, deliver specials offers and more.

Print Technologies

Our broad range of print technologies help ensure your packaging goals are achieved and will cater to any type of product launch. Whether you're interested in printing a smaller quantity promotional run, to printing a large quantity for your flagship product, MCC is the printer for you.

- Flexographic
- Digital

Our manufacturing capability, systems and processes are designed to meet your stringent quality requirements. We are perfectly suited to manage the complexities of such accounts including multiple SKU's, frequent changes, and responsive service levels.

Lowering Impact

Material choices that help by reducing environmental impact

Reusability

Labels that support the reusability of the original container

Enable Recycling

Labels that enable the recyclability of the product packaging

Inclusiveness

Solutions that facilitate a more inclusive society

Have projects that span multiple solutions? Our expertise ensures quality and consistency across all platforms, ensuring your brand integrity at every step.
